Highlights and takeaways

- ★ Enjoyed the experience of serving with other Christians from around the country
- ★ Felt God sustaining me through 3-6 hours of sleep, physical labor, countless extroverted situations, and a 4-mile hike
- ★ Eyes opened to other college students/young adults who take their faiths seriously and serve in ministry
- ★ Increased confidence in ability to and desire to serve more locally
- ★ God changing lives with the students at Alaska Christian College

Thank
You

so much for your financial & prayerful support!!

In addition to us providing free labor, a portion of our \$1500 went towards ACC purchasing building supplies for the projects we worked on.

Answered prayers:

- ★ Team unity and graceful interactions in working/living together
- ★ God's protection and strength in our serving
